2027 GRADUATE FELLOWSHIP · HOSTED BY THE INDIANA ACADEMY OF SCIENCE

INSPECT Fellowship

Indiana Science Policy: Educate, Collaborate, Transform

Hosted by the Indiana Academy of Science, sponsored by your university, and supported by Indiana State Agencies, **INSPECT** brings together the scientific community & state government while enabling young scientists to be effective participants in public policy.

Fellows serve as nonpartisan, science-policy staff in select state agencies.

WHAT FELLOWS DO

Fellows address science policy projects, including:

- Topical research
- Data analysis
- Policy development
- Scientific outreach
- Collaborations with the Legislative Services Agency
- And more

HOST OFFICES INCLUDE

- Indiana Office of Energy Development
- Indiana Department of Natural Resources

Other offices may be added.

Who can apply: INSPECT Fellows must be current MS or PhD students in a Science, Engineering, or Math related field, including social science, public health, and public policy programs. U.S. and non-U.S. citizens are eligible to apply. INSPECT Fellows receive a stipend from their home institution for the 10-week program, **~June 1 – August 15**.
